Mr. and Mrs. Gevert Hollings

7 Fort Royal Ave.

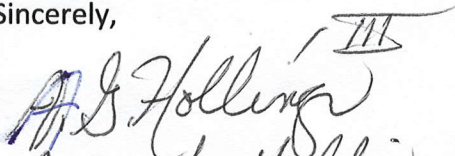

Charleston, SC 29407

To: 169/Board-of-Zoning-Appeals---Zoning-BZA-Z

Date: March 4, 2024

I am the property owner at 7 Fort Royal Ave in Charleston, SC. It is my understanding that my neighbors to the southeast, the Alfieris, would like to construct an addition to their existing residence along their northwestern property line that borders my property. I have reviewed the plans they have prepared in conjunction with Technika Engineering, and the proposed addition, although extending over the required side yard setback, is acceptable to us. We have no objection to this planned addition.

Sincerely,

  
Rita L. Hollings

I Anthony G Bryant submit my opposition to the business being proposed on the Corner of Rutledge Avenue and Courtland Avenue Charleston SC 29403. Anthony G Bryant public Comments to the City of Charleston Police department Advisory committee meeting April 4 2024. It is important to note I also made public Comments to City of Charleston Community Development City of Charleston Planning Commission joint meeting for Union Pier Development. In addition to public Comments to City of Charleston Planning Commission and City of Charleston Council meeting regarding Courier Square Development. City of Charleston Council has a right and privilege to reconsider Long standing taxpayers such as Garden Hill many residents such as my parents view the corner of Rutledge Avenue and Courtland Avenue Charleston SC 29403 as a residential use period. As a former member of Charleston County Board of Zoning Appeals from 1999 - 2006 prior to the 1994 South Carolina Planning and Enabling Act regarding Growth Public Health with Magnolia Development Naval Base Redevelopment created permanent land use patterns that cannot be reversed this use is solely benefit the applicant but unfortunately the Board of Zoning Appeals cannot consider financial hardship. Under South Carolina Freedom of Information Act request to City of Charleston Police Department needs to send a copy of the City of Charleston Police department Advisory committee meeting April 4 2024 minutes because I need to know the number of homeowners that supports this development because we don't wont observation surveillance and arrest of persons on behalf of Developer such as Ben Navarro and Courier Square Development.

Lastly is the City of Charleston Police Department profiling citizens in the Courtland Avenue Charleston SC 29403 adjacent to the Rutledge Avenue Charleston SC 29403 . I Anthony G Bryant was told that the applicant has commitment from citizens in the area this is ironic for I have use the below physical address to the City of Charleston Police department Advisory committee meeting April 4 2024 this is very disappointing for as a Pro Se informa pauperis litigant status in the United States Courts of Appeals For Fourth Circuit Richmond VA covering South Carolina North Carolina Maryland Virginia and West Virginia as a result of the City of Charleston Police department exposing my social security number and EIN number Internal Revenue Service as a result of City of Charleston Police department City of North Charleston Police department and Charleston County Sheriff office intended to disqualify discredit and deny my dissenting points of view. If applicant are working with the City of Charleston Police department to cause vexation via stops Detaining or arrest is real based upon the publish findings on Friday April 12 2024 . If the City of Charleston Mayor Council has conducted indirect initiative to cause the observation surveillance and arrest of Citizens to deny speech and assembly is a violation of all constitutional rights involved.

Dear Ms. Ashby,

I am writing to inform you of a scheduled zoning meeting regarding the property at the above address. The owner of a proposed restaurant did not reach out to me, one of the property owners in the Garden Hill community, before proceeding with their plans. I have spoken with a few people in our neighborhood, and they were unaware of this meeting or any signage indicating such a meeting.

Not communicating with local property owners sours relationships within the community, which could harm the business's reputation and affect its approval by the community. As I mentioned during the zoning meeting in 2023, parking is already a problem in our community. Moreover, the South Carolina Department of Transportation does not maintain underneath I-26, which makes it prone to flooding and a breeding ground for rodents and other vermin. Disregarding all the property owners in the community is disrespectful. As a property owner, I object to the beauty salon, the three-story condos (Airbnb?), and any additional restaurants because of increased traffic, noise, speeding, safety, and other disruptions.

We are tired of businesses not contacting us before moving into our once-quiet, tucked-away neighborhood.

To address these issues, the restaurant owner might consider organizing community meetings, contacting property owners directly, or working with the local community. However, this is the second time we have not been aware of these plans. Based on their lack of outreach, I doubt we property owners in the community would trust the proposed restaurant owners to discuss because of their blatant disregard to discuss our concerns.

To be clear, I wholeheartedly object to a restaurant at that location, and I will be in attendance on April 16, 2024.

Respectfully Submitted,

The City of Charleston Board of Zoning Appeals under their rules regarding deferred application place the written and in person public comments for the approval, approval with condition and denial to be placed on the record regarding 1334 Rutledge Avenue Charleston SC 29403 within the approve minutes of the February 7 2023 on the February 21 2023? Did

the applicant knowingly placed on the Agenda along with any Board Member Counsel of a Record are staff to close public comments knowing many are observing federal holiday? Does City of Charleston Council have the power to have the BZA extend the public comments during the observation of all State and Federal Holidays to insure all appointed boards operate in good faith under South Carolina Freedom of Information Act and South Carolina Administrative Procedure Act regarding Notice Procedure (Public Hearings) Effective date?

The applicant coming before the Board of Zoning Appeals deferred 1334 Rutledge Avenue Charleston SC 29403 knowingly usurping the process by coming to the Garden Hill neighborhood on Saturday knowing the public comments was to come to the meeting to say he spoke with the neighbors and they had no opposition to the variance. If 1334 Rutledge Avenue Charleston SC 29403 is already zoned General Business. The applicant does not need a variance The City of Charleston Police Departments is behind this political reprisal at last City Council meeting. I mentioned my Federal Public comment regarding the Department of Justice about Faith Based Organizations and Neighborhoods close of public Comments March 23 2023. This a clear abuse of power my comment do to the deferred application will be challenged by Anthony G Bryant a long standing land use advocate. I will attach this email to insure this clear BIAS policy is fought at every turn beginning with an Ethic Commission and SCDHEC complaints.

## PETITION

### Petition to:

City of Charleston Board of Zoning Appeals – ZONING (BZA-Z)

### Petition Summary:

- The residents of Garden Hill Subdivision seek a DENIAL in variance request for 1334 RUTLEDGE AVENUE, from Sec. 54-317, to allow a restaurant use with 480sf of inside patron use area providing two (2) off-street parking spaces. By law, five (5) spaces are required.
  - S. Arch + Studio, LLC submitted plans to the Board of Zoning Appeals to open a restaurant at 1334 Rutledge Ave. The residents were not notified of its intentions until a resident walking past happened to see a red sign on the property on February 2, 2023. This residential property is the last one on Rutledge Ave and the "cornerstone" of our neighborhood. It is historical in a sense to those who live here. Let us not ruin our neighborhood by turning that property into a needless and unwanted restaurant.
  - The corner of Rutledge Ave and Courtland Ave already suffer from chronic traffic problems. There is the daily speeding of pass thru traffic and congestion with cars trying to enter onto Interstate 26 (I-26). This area is not adequate to handle any additional traffic. Courtland Ave is barely wide enough to handle two (2) cars passing each other. There are no sidewalks on this street for pedestrians. We also have kids who play outside under the bridge. We have been trying for years to get the City of Charleston to help with the current traffic woes, to no avail.
  - We are concerned with what the actual aesthetics of the restaurant will look like. Will it improve the surrounding neighborhood? We do not want a restaurant to be the first thing you see when entering our subdivision.
  - Litter would become more of an issue. This area of I-26 is not being maintained properly as it is. There is always litter scattered about by people coming thru and dumping and debris being thrown out of cars on the highway. There is potential for patrons to park under the bridge, eat and then leave their trash. There is also the potential to attract vermin.
-

## PETITION

- For those trying to live and eat healthy, another restaurant is not the answer. Putting temptation in front of people is encouraging obesity and further puts a strain on our healthcare systems. There are plenty of restaurants throughout the city. We do not need or want one right in our neighborhood.
- This is a nice, quiet neighborhood. We do not want strangers hanging around (especially under the bridge) disrupting our sense of security and further invading the privacy of the homes on the immediate opposite side of the bridge.

### Action Petitioned For:

We, the undersigned, are concerned citizens who urge the Board of Zoning Appeals to DENY the variance request for 1334 RUTLEDGE AVENUE, from Sec. 54-317, to allow a restaurant use with 480sf of inside patron use area providing two (2) off-street parking spaces. By law, five (5) spaces are required.
