

# METAL DETECTORS

*Serious treasure hunting  
that's fun for everyone!*

AMERICAN MADE  
SINCE 1950

# The White's Story

Today, every White's metal detector is built with the same philosophy my family started the company with over 50 years ago, "Give our customers the world's best metal detectors and build them right here in Sweet Home, Oregon."

We're proud of the quality and performance built into every White's metal detector. And we're proud to remain a "Made in the U.S.A." company!

*Kenneth H. White*

*Finds by V3i users. Read the stories ... WhitesElectronics.com*

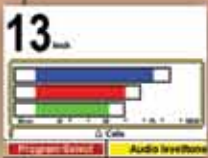

### 3x3 TARGET ID™ SYSTEM!

#### SEARCH

#### ANALYZE

#### PINPOINT

New ways to interpret target information using ALL of the data collected from each detection frequency!

The Search screen's SpectraGraph™ displays each of the 3 frequencies; 2.5 kHz, 7.5 kHz, and 22.5 kHz.

Detect a target and Analyze shows target size and characteristics at each frequency.

Finally, the Pinpoint screen shows the strength of the signal at each frequency.

### FEATURES

- On-board Quick Reference Guide
- Loop Selection- More accurate depth measurements when using accessory coils
- HD Full-Color Display
- 9 New Turn-on-and-Go Hunting Programs
- 3 x 3 Target I.D. System™
- Wireless SpectraSound® Headphones (optional)
- 3 Optimized Hunting Frequencies
- Live Controls for Real-Time Adjustments
- 10" DD Waterproof Search Coil
- Selectable Ground Filters
- Adjustable Recovery Delay
- Dozens of Expert Menu Options
- NiMH Rechargeable Battery System
- Adjustable Backlight
- Owner Registration (Software Embedded)
- Languages: Spanish, French, German, Russian, Turkish, English
- Two-year Parts and Labor Warranty

9 Pro-Designed Turn-on-and-Go! Programs

See it all in HD Color! Icons, SpectraGraph target signature, and depth.

## ***V3i takes treasure hunting to a whole new level of performance and depth.***

V3i is equipped with plenty of new treasure-finding features including wireless headphones, HD color display, and an array of languages just to name a few. These are sure to make your hunting more fun than ever. But the true measure of a better metal detector?

"Does it go deeper? What are you finding?"

And here's the answer: V3i users are digging older, deeper coins, relics and jewelry. In places hunted time after time with other top-of-the-line metal detectors!

(( (white's) ))

8 turn-on-and-go  
hunting  
programs...

## FEATURES

- **8 Preset Hunting Programs:** Coin, Coin & Jewelry, Salt Beach, Relic, Prospecting, Deep Silver, Hi Pro and Demo
- **3 Optimized Hunting Frequencies** - Detect at 2.5 kHz, 7.5 kHz, and 22.5 kHz
- **On-Board Quick Reference Guide**
- **Live Control Bar** - Adjust features with just a key stroke - while you search
- **SpectraGraph® Target Signature** - Displays target info provided from 3 frequencies to decide if a target is worth digging
- **Four Audio Modes** - Standard, All-Metal, Mixed Mode, Pinpoint
- **Optional Tone I.D.** with up to 191 tones
- **Pinpointing/Depth Reading**
- **8 Key Features** - Program, Discrimination, Sensitivity, Audio, Frequency, Ground Tracking, Filter & Speed
- **High-Resolution Display** - Backlit 320x240 QVGA Color Display
- **Wireless-ready.** Optional SpectraSound® wireless headphones
- **Eclipse 9.5" Waterproof Coil**
- **Two-year parts and Labor Warranty**
- **AA (alkaline) pack with batteries included.** Rechargeable NiMH system available

**VX<sup>3</sup> combines Spectra<sup>®</sup> performance and Coinmaster<sup>®</sup> simplicity.  
Just turn it on and you're off and hunting.**

If you want the top-of-the line metal detector, and you'd rather have only the most asked-for adjustments, leave the rest to the VX<sup>3</sup>.

The VX<sup>3</sup> goal is simple: A high-performance detector that's as simple to use as a bank ATM. Here it is. The proven Spectra<sup>®</sup> platform. With 8 hunting programs, and the essential adjustments like audio, discrimination, and sensitivity. It all comes down to treasure-finding. And VX<sup>3</sup> has proven itself worthy of the Spectra<sup>®</sup> name.

**Dale on his first time with the VX<sup>3</sup> ...**

*I wanted to see was just how turn-on-and-go VX<sup>3</sup> really is. I turned it on, switched to Coin and Jewelry mode and started swinging.*

*Not 10 minutes in, I get a hit, shows 4" deep, SpectraGraph lines up all nice and pretty and I started digging. WOW! Out pops an 1818 Large Cent. My first! I haven't read the manual or used a White's machine before, but I know I am going to love it!*

*White's, your technology is incredible! Thanks for the great tools and the thrills I enjoy every time I am out detecting!*

*Larry in Indiana*

## FEATURES

**Backlit Display:** High-efficiency backlit display for hunting in low light conditions.

**Tone ID:** Seven tones in the Coin & Jewelry Program. I.D. different targets before you dig.

**Ground Grab:** A convenient way to update ground tracking from a locked setting. Or, from a tracking setting, temporarily lock tracking for multiple passes over questionable signals.

**3 separate programs:** Unique target responses, display info, and audio frequencies.

**Relic:** Specifically ID's buttons, buckles and bullets. The display offers VDI range of -95 to +95, target blocks, relic target labels, battery check, overload alert and depth reading. Three options for Tone I.D.

**Prospecting:** Iron Grunt for targets with high probability of being iron. Display offers VDI range of -95 to +95, % probability of IRON, ground phase, battery check and overload alert.

**Coin/Jewelry:** Display offers VDI -95 to +95, Target Blocks, Coin/Jewelry/Trash-target labels, battery check, overload alert, depth reading and Tone I.D.

**Automatic Ground Balance:** Simple, fast, and accurate.

**3 easy-adjust controls:**

GAIN maximizes sensitivity and depth.

THRESHOLD allows you to hunt with a slight hum or hear only the sound of detected targets.

DUAL control functions differently in each program.

**Operating frequency:** 15 kHz

**9.5" concentric or 10" DD Waterproof Spider Search Coil**

**Two-year Parts and Labor Warranty**

**Drop-in Battery Pack:** 40-hour operation from 8 "AA" batteries. (Optional Nicad or NiMH Rechargeable systems available, sold separately.)

**Talk with a Regional Expert • 1-800-547-6911 • Find a Local Dealer**

***MXT All-PRO combines popular features with legendary MXT performance.***

Tone I.D., Ground Grab, backlight and more! The versatility of 3 completely separate hunting programs, with the added deep-detection of White's proven 9.5" concentric or 10" double-D search coils. MXT All-Pro has the features and performance to be a favorite with the weekend prospector, coinshooter, and the relic hunter.

Backlit display for hunting in low light. See what you've detected ...

## FEATURES

### LIGHTWEIGHT & BALANCED

### FULL-CONTROL GROUND BALANCE

Quickly balance out the iron mineralization of hot rocks, black sand, and other tough grounds

### ADJUSTABLE PULSE DELAY

Settings from 10 microseconds (best for finding gold nuggets) to 25 microseconds (for relic, coin and beach hunting)

### VARIABLE AUDIO SELECT WITH GROUND BALANCE "ON"

### 3-WAY TARGET CONDUCTIVITY SELECTOR

Allows variable audio to hear either only low conductive targets like most gold nuggets, or high-conductive targets like silver coins and large relics, or both. Unique ability to aid in identifying trash

### THRESHOLD CONTROL

Accurately adjust the audio to hear the smaller, deeper signals

### FREQUENCY CONTROL

Adjustable for hunting near power lines, microwave or other interference

### NIMH RECHARGEABLE BATTERY PACK

Up to 6 hours of hunting. Backup "AA" pack included.

### WATERPROOF, 12" SPIDER SEARCH COIL

Other accessory coils available

### TWO-YEAR PARTS AND LABOR WARRANTY

"Ring drought" ends when Surf PI detects 22.8 gram Tiffany ring

**SpectraSound® Wireless Headphones**

Dependable, comfortable - no-delay real-time audio that matches perfectly your Spectra V3i sweep speed and speaker response. Engineered just for Spectra V3i/V<sup>3</sup>/VX3 by White's. Multiple channels to avoid picking up signals from other Spectra V3i/V<sup>3</sup>s in the area, or set two headphones up to hear targets from one detector. A terrific tool for teaching about target sounds! Made in the USA ..... \$299<sup>95</sup>

**ProStar™ Headphones**

Premium “Made in the USA” headphones by White’s specifically for our metal detectors. Lifetime Warranty. Rugged, oversized earcups. Water-resistant chassis. 50 OHM Mylar Speakers with Titanium Coating. 5k Audio Taper with R/L ratcheting volume controls. Soft, coiled cord stretches to over 6 feet. Works with mixed-mode audio..... \$119<sup>95</sup>

**Royal GT Headphones**

Packed with features to help you hear those smaller, deeper targets. Right and left volume, 30-ohm Mylar stereo speakers with titanium coating, gold plated 1/4” right angle stereo plug .....\$ 49<sup>95</sup>

**StarLite Headphones**

Affordable and lightweight. 1/4” 90 degree, nickel-plated stereo plug. 32 OHM, frequency response 20-20kHz. 6-ft. soft, coil cord. Padded headband with adjustment, padded swivel earcups .....\$24<sup>95</sup>

**Deluxe Backpack**

Sturdy Cordura fabric. Fits most models. 2 large zip pockets for all of your accessories. Comfortable, padded back, adjustable straps, gold screenprint.....\$49<sup>95</sup>

**Classic CarryAll Bag**

Holds fully assembled detector with room to spare for lots of hunting gear. Padded Cordura nylon with large contrast-color, zippered accessory pocket. Fits most models .....\$49<sup>95</sup>

**Eclipse® 950 Search Coil**

The most popular coil for all-purpose hunting. High performance, multi-harmonic 9.5 inch search coil. Works on Spectra V3 and V3i, VX3, DFX™, MXT™, MXT Pro, and M6. (Standard coil on many DFX/MXT/M6). The perfect compromise between large coils which maximize depth, and small search coils which perform best in trashy areas. . \$149<sup>95</sup>

**Eclipse® Shooter Search Coil**

Elliptical 4”x6” “DD” design provides superior performance in extreme ground, better sensitivity to physically smaller metal targets, performance in extreme trash and smaller footprint for working around obstacles. Longer, narrower detection window compared to similar-sized search coils. Compatile with Spectra V3, V3i, VX3, DFX, MXT, and M6. .... \$149<sup>95</sup>

**Super 12 Search Coil**

Open, 12” concentric coil designed for maximum depth and ground coverage in moderate to low mineralized grounds. Fits Spectra V3 and V3i, VX3, DFX, MXT, MXT Pro, and M6 ..... \$249<sup>95</sup>

**Eclipse™ 5.3 Search Coil**

6” concentric design provides better separation between targets in moderate to high trash areas, and excellent pinpointing. Improved sensitivity to smaller metal targets. Provides improved performance in moderate to high trash. Great for working around obstacles. For Spectra V3 and V3i, VX3, DFX, MXT and MXT Pro, and M6 ..... \$149<sup>95</sup>

**D2 Search Coil**

D2 10” DD coil is built for severe grounds - with the best DD pinpointing White’s has ever built. Greater ground coverage per pass compared to concentric 10” loops. Minimalist design is lightweight at 17.9 oz. Less sweep resistance. For Spectra V3 and V3i, VX3, DFX, MXT and MXT Pro, M6..... \$249<sup>95</sup>

**Eclipse™ DD Search Coil**

DD 6”x10” coil for Spectra V3, V3i, VX3, DFX, MXT, MXT Pro and M6. Elliptical “DD” loop provides better rejection of extreme ground conditions. Quick and accurate audio discrimination ..... \$179<sup>95</sup>

**MXT Max Search Coil**

15” search coil specifically designed for MXT, MXT Pro, DFX. Designed for larger metal items, relics, caches of coins, jar hunting, searching sand bars for large nuggets, etc. Not recommended for VX3 / V3i .....\$249<sup>95</sup>

**Metal Detecting Previously Hunted Sites**
